Animal Shelters

Quality Custom Sheds LLC

Hello,

Greetings from Central Montana! Thank you for your interest in our lineup of storage sheds, animal shelters and cabins. As we all know, the rain, snow and wind all have a negative effect on our animals, treasures and our toys, and we believe we have a solution that is well-built, attractive and will last for many years to come – all at a reasonable price. Please feel free to ask any questions you may have or just stop by.

Our business is family-owned and operated, focused on making Central Montana a better place to live.

Thank you!

Coblentz Family

Quality Custom Sheds, LLC

2380 Seright Road, Moore MT 59464

We Offer Rent-to-Own

No credit check.

No early payoff penalty.

Deliveries

Deliveries are made with a pickup and our custom-built shed trailer making exact shed placement easy. However, you should have a level 4 inch crushed gravel pad that is one foot larger than the shed all the way around. We supply some blocking if you have a low corner, but level is best.

Call for delivery cost.

- Choose a site that is accessible with a pickup and trailer
- We may build on site at tough-to-get-to locations – call for details.
- **No Sunday sales or service**

Standard Features

In the beginning, God created the heavens and the earth. – Genesis 1:1

A-Frame Shed

There is so much you can do with this top-seller! Be sure to order it big enough!

- 4x6 pressure-treated skids – eliminate rotting
- 16 inch on center floor, wall, and rafters – overbuilt to withstand snow, rain, and wind
- Floor joists are set in notches to prevent twisting (Except in 6' and 8' wide buildings)
- 7'3" sidewall standard
- Choose your siding style
- Pre-primed L.P. SmartSide, painted in your choice of colors.
- Fir T1-11 siding for a more rustic look
- Metal siding screwed to half inch plywood for a shed your grandchildren will enjoy
- Quarter log siding for a real cabin look
- 5/12 pitch A-roof with half inch plywood sheathing

Same great features as the
A-Frame Shed, but with
lots of extra overhead storage!

High Side Barn

**Insulated,
lined and wired
sheds make great
reloading dens or
bunkhouses!**

- Comes with 1 – 4 ft. loft, full width of building. Larger lofts available
- 7 ft. side wall barn is 12 ft. tall at peak
- Optional loft window
- 5 ft. or 6 ft. double opening doors
- 6'3" sidewalls standard

*But I say unto you, love your enemies, bless them that curse you, do good to them that hate you,
and pray for them that despitefully use you and persecute you. – Matthew 5:44*

The Garage

Single - Double - ATV
Also makes a very nice workshop!

Double Garages are assembled on site.
Please call to discuss how traveling distance
affects cost.

Features:

- 5 – 4x6 notched pressure-treated skids
- 12 inch on center floor joist
- 3/4 Advantec water-resistant floor
- Skids are right under regular vehicle wheels for a “no worries” floor
- 6 ft. or 9 ft. x 7 ft. tall commercial roll-up door
- Insulated house style door with or without window
- 1 – window

ATV Garages Include:

- 2 roll-up doors
- 2 windows
- 1 house-style entry door

*After this manner therefore pray ye,
our Father which art in heaven, hallowed be Thy name. – Matthew 6:9*
